

F. Corporate Social Responsibility Statement

CSR is the process of assessing an organisation's impact on society and evaluating their responsibilities. CSR begins with an assessment of the business and their:

- Clients
- Suppliers
- Environment
- Communities
- Employees

provision Catering Europe Limited aims to be a good corporate citizen in all aspects of its operations and activities. To this end we have brought together a series of operating principles under the broad heading of Corporate Social Responsibility (CSR) to serve as a guide to employees in all aspects of their work for the company. The principles cover all areas of the Company's operations and have been developed with reference to the relevant codes of corporate governance and best practice. The policy can be divided into five main areas as highlighted in the opening definition
